Section 1: Information

To submit a claim for life insurance, follow these steps:

1. Fill out the enclosed life insurance claim form completely, print, and sign (we must have an actual signature on the form). Provide all the information requested so we can process your claim as quickly as possible. **If you live outside the U.S., do not use this form. If you live outside the U.S., go to <https://www.americo.com/SiteCollectionDocuments/ForeignClaim.pdf> for form.** Please initial any corrections you make on the form.
2. Send us the completed claim form, death certificate, original policy (if available), copy of obituary and documentation of any name changes for the beneficiary(ies).
3. Review the instructions below for the applicable beneficiary type before completing this form:
 - **Individual:** The statement must be completed by the individual beneficiary(ies).
 - **Trust:** The statement must be completed by the trustee(s) and include the full name of the trust along with the trust documents or certification of trust.
 - **Estate:** The statement must be completed by the Executor(s) or Administrator(s), and submitted with the Letters issued by the Court appointing that individual.
 - **Company or Corporation:** The statement must be signed by two officers and include each officer's title.
 - **Minor:** The statement may be completed by the Court appointed Guardian of the minor's Estate and submitted with a copy of the Court issued appointment or in accordance with other applicable state law.
 - **Assignee:** If the policy has been collaterally assigned by the owner prior to the death of the decedent, a statement of interest is also required. This document provides a statement of the assignee's interest and may be obtained by contacting our office.

Section 2: What to expect after you submit your claim

We are committed to processing your claim as quickly as possible.

- If we approve your claim and you choose to receive a check or your proceeds are less than \$5,000.00, we will mail you the check. The check will be mailed first class mail through the United States Postal Service.
- If you choose to receive your proceeds in a Financial Access Account, we will:
 - Open an interest bearing Financial Access Account in your name;
 - Place the proceeds from your claim into your account, and;
 - Mail you a package that includes account details and a book of personalized drafts (like checks).

There are some key advantages to selecting a Financial Access Account that you should consider:

1. With a Financial Access Account, there is no monthly service charge and you have time to defer financial decisions and reduce the added stress of what to do with the funds at a very difficult time. Interest immediately starts accruing on the account. If you choose a check, you do not immediately earn interest on the proceeds.
2. Payment through a Financial Access Account is quick. Taking payment via the single check method typically takes some time before you can actually use the proceeds to pay bills. With a single check that is mailed to you, the check has to be deposited in a bank and clear the bank before the funds can be accessed. With the Financial Access Account, you can start writing checks to pay bills and get cash immediately and thus, there is faster access to the funds without having to wait for the insurance check to clear.

The death of a spouse, parent, child, partner, or other loved one is a difficult time. In addition to the emotional stress present during the weeks, months, or years following a death, financial burdens may also arise. Life insurance is intended to assist with these financial burdens. While life insurance policies provide for a single payment of the death benefit, policies may also offer other payout options that are intended to fit your needs and those of your family. The following information describes the Financial Access Account we are offering you as an option to a single payment.

What is the Financial Access Account? The Financial Access Account (FAA) is a temporary repository of funds available to any beneficiary entitled to receive benefits of \$5,000 or more. The account's function is to give you, the beneficiary, time you need to consider all of the financial options available. The payment of the full benefit due under the policy will be accomplished by delivery of a "checkbook" of drafts which are similar to checks but different in some respects. You can write them just as you would checks. The use of the Financial Access Account provides you the flexibility to make the right decision regarding your long-term financial needs while earning interest on the life insurance proceeds.

How does the Financial Access Account work? Your FAA is a draft account which is maintained by Northern Trust Bank. A draft account is similar to a checking account, and earns interest. However, instead of checks, you will receive a book of drafts. Write as many drafts as you like in the same manner as you would write checks when you need to access your money. Our obligation to pay the total policy or contract proceeds is satisfied by depositing the total proceeds in the FAA. Once payment is made to you via the FAA, you will have immediate access to the entire amount, plus any accumulated interest. When your draft is presented for payment, it is paid through Northern Trust Bank. Please check with your financial institution on any potential delays in accessing the funds once the draft(s) has been presented.

Are there minimum draft requirements? Yes, each draft must be a minimum of \$250. You may keep your FAA open as long as you like. The only requirement is that you maintain a minimum account balance of \$250. If the account balance falls below \$250, a check for the remaining proceeds, plus all accrued interest, will be sent within 45 days of the account closure.

Can I write one draft to access the entire amount? Yes. One draft may be written at any time to access the entire amount of the FAA, including interest.

Are my funds guaranteed by the Federal Deposit Insurance Corporation (FDIC)? FAA funds are held in our general account and are not guaranteed by the Federal Deposit Insurance Corporation (FDIC), but are guaranteed by State Guaranty Associations. State Guaranty Association coverage limits vary by state.

Is the interest earned on my FAA taxable? The interest you earn on your FAA may be subject to income taxation. We recommend you consult a tax, investment, or other financial advisor regarding tax liability.

What fees are charged on the FAA? Your FAA has no charges for drafts or monthly service charges. However, your account will be charged the following fees for each of the particular services described below:

- \$10.00 fee for any draft returned unpaid;
- \$12.00 fee for each stop payment order;
- \$2.00 fee for a copy of any draft or statement.

We reserve the right to change these fees at any time. In addition, we may derive income, in addition to any fees charged on the account, from the total gains received on the investment of the balance of funds in the FAA.

How frequently will I receive statements? Each month that there is activity on your account other than the crediting of interest; you will receive a monthly statement. Otherwise, you will receive quarterly account statement showing the current balance, the interest credited, the drafts written, and any other account activity.

How is interest calculated? The interest rate currently being paid on FAAs is 0.50%. Interest is earned on your FAA from the date it is established until the date drafts are cleared. Interest is compounded daily and is credited to your account monthly. Interest is based on the balance in your FAA at the end of each day. The guaranteed minimum interest rate is 0%. Interest rates are reviewed by the Company on a regular basis and are set at the Company's discretion.

What happens if my FAA becomes inactive? If your account has not had any activity, such as a withdrawal or affirmative contact, within a three-year period, we will contact you to confirm your interest in maintaining this account. If we are unable to contact you, or you do not respond, we will proceed according to the unclaimed property laws in your state¹.

Are the available settlement options preserved until the entire balance of FAA is withdrawn? All settlement options under the original policy are preserved until the entire balance is withdrawn or the balance drops below the company's minimum balance requirement.
